Body € 150,00

Medical cavitation:

Ultrasonic treatment that destroys fat cells. Already reduces localized fat accumulations in the first session.

Price: € 130,00

Hifu:

High-intensity focused ultrasonic treatment. Non-invasive, pain-free treatment for the face and body where localized ultrasonic waves stimulate the renewal of collagen, improving skin texture and reducing slackening in the treated area. Tightens, rejuvenates and raises skin.

Price:

Face € 250,00

Abdomen € 350,00

Triceps € 400,00

Internal and external legs € 400,00

Physiotherapy

Lymphatic drainage massage:

Physiotherapists give a manual massage that aids the flow of lymph in the body, relieving edemas by reducing swelling, improving circulation by reducing the orange peel effect, accelerating the transport of waste products from the tissues into the blood, and is therefore excellent for detoxifying the body.

Price: € 80,00

Stress relieving massage:

Manual massage carried out by physiotherapists; helpful for muscular tension. Covers the whole body.

Price:

Back € 60,00

Legs € 60,00

Full body € 80,00

Cervical and shoulder massotherapy:

Attenuates inflammatory symptoms. Reduces stiffness and pain due to stress or emotional tension.

Price: € 80,00

Pressure therapy:

An alternative to manual lymph drainage. This therapy stimulates drainage and blood flow and exerts compression on the lower and upper limbs, similar to the movements of a massage.

Price: € 80,00
